AALEN UNIVERSITY PROFESSORS LEAD **PHD CANDIDATES** DIRECTLY TOWARDS THEIR DEGREE.

The Research Buildings house state-of-the-art laboratories.

In 2022, universities of applied sciences in the state of Baden-Württemberg received the right to award doctoral degrees through the newly established HAW Doctoral Association. The core element of this association is the Doctoral Center. Professors from various disciplines who can prove that they are actively conducting distinguished research by means of scientific publications and third-party research funding can apply to become members of this center. ACCOMMODATION

COMPARED TO LARGER GERMAN CITIES, LIVING IN AALEN IS **AFFORDABLE** FOR STUDENTS. YOU HAVE THE CHOICE OF LIVING EITHER OFF-CAMPUS IN PRIVATE ACCOMMODATIONS OR IN ONE OF THE **STUDENT RESIDENCE HALLS**.

Monthly average rent;

STUDENT RESIDENCE HALLS

Does living on campus in affordable dormitories with other students sound appealing? Then apply for a room or apartment in one of the student residences. Since Aalen University does not own or operate any residence halls itself, you will need to contact the accommodation provider "Jugendwerk Aalen". During the application process, the International Center will inform you about the steps you need to take regarding housing.

The various dormitories differ in size, price and year of construction. Some residences offer different types of rooms, such as single rooms in shared units ("Einzelzimmer") or private apartments with your own bathroom and kitchen.

HOW TO APPLY FOR A STUDENT RESIDENCE?

Only enrolled students are eligible to rent a room in a student residence hall. To secure a room, we recommend applying as early as possible. Please note that, in addition to the application form, you will need to submit proof of financing (e.g., a bank statement or scholarship confirmation) and your admission letter from Aalen University.

The "Jugendwerk Aalen" will inform you when you have been assigned a room and send you the tenancy agreement and a SEPA direct debit man- date. Both, the deposit (around 400 €) and the first rent must be paid before the room is handed over.

SINGLE ROOM IN A SHARED FLAT OR A PRIVATE APARTMENT IN A STUDENT RESIDENCE?

The monthly rent for these recommended dormitories is as shown in the table in EURO. Please note that prices are valid as of November 2025, they may be subject to change.

Find more info, such as photos and up-to-date prices here:
www.jugendwerk-aalen.de/en

In case of questions, contact
info@jugendwerk-aalen.de.

PRIVATE ACCOMMODATION

There are also private student residences available in Aalen. The monthly rent ranges from 350 € for a room without a shower up to 850 € for high- standard rooms.

A popular form of student housing is shared flats. Many students or private landlords look for additional flatmates to occupy vacant rooms in shared apartments. Please note that these private apartments are often unfurnished and rental agreements are usually in German.

You can browse through private offers on external websites such as wg-gesucht.de or kleinanzeigen.de etc.

CAMPUS LIFE

STUDYING IS NOT ALL ABOUT FULL LECTURE HALLS. OUR **CAMPUS** IS FILLED WITH LIFE. OUR STUDENTS ARE A **COMMUNITY**.

When you spend enough time at Aalen University, you will see that our students are a close community. They have formed associations and initiatives in which each student can be active and work for an exciting and social life on campus.

The various student-led departments and clubs organize and plan activities all over campus:

- They are responsible for the university sports program, including basketball, dancing courses, tennis, football and volleyball.
- A highlight in the summer is the University's sports festival and in the winter the Christmas Market on campus.
- The students also run a student bar called ERNAS Séparée, which is located on campus.
- They run the weekly university cinema.
- For those who prefer nightlife, the UStA organizes parties on campus.
- The "E-Motion Racing Team" builds their own electric race car from scratch to compete on race tracks all over Europe.
- Our university offers a range of further communities.

The relaxed atmosphere of our green, perfectly compact campus makes it easy to connect with others.
