Intern or Working Student (f/m/d): for Innovation Control Center

SAP's vision is to help the world run better and improve people's lives.As the cloud company powered by SAP HANA®, SAP is a market leader in enterprise application software, helping companies of all sizes and industries run better. SAP empowers people and organizations to work together more efficiently and use business insight more effectively. SAP applications and services enable our customers to operate profitably, adapt continuously, and grow sustainably.At SAP, we believe in the power of collaboration and empower our employees to perform at their best in an environment that encourages free and open expression of ideas. You'll work alongside creative thinkers who share your interests, while turning big ideas into reality for our customers. With innovative job training, mentors to help you grow, and the flexibility to balance your work and personal life, you'll be able to get more out of your career. It's no wonder that some of the sharpest minds from around the world are working for a company that is consistently recognized as a global top employer.

Now it's your turn to take the next step and help make the world Run Simple.

PURPOSE AND OBJECTIVES

The Innovation Control Center (ICC) is a unit within IT Services, which enables the organization to validate IT projects (Test Management) and prepare for smooth operations to Operations Control Center (Change, Release & Deployment Management) while providing tools, methods, guidelines and standards and continuously improvement with Innovation Fitness..

EXPECTATIONS AND TASKS

The student (f/m/d) would join a highly engaged team in a global environment and work in close cooperation with our experts in the ICC areas Test Management, Change, Release and Deployment Management.

The student (f/m/d) will

- Support in Test Automation
- Support with design, development, test and backlog prioritization of our internal App (UI5 App)
- Support with communication and create own ideas on new topics
- Create training and other materials for the department

EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES

- Student (f/m/d) - preferred field(s) of study: applied computer science or similar
- All fields of study are equally preferred, but the student should have a technical understanding
- Language skills: Fluent in German and English (spoken and written) is mandatory
- Computer skills: very good knowledge of MS Office applications (Excel, Outlook, PowerPoint)
- Programming skills:
    - Required: HTML5 / UI5
    - Optional: Jersey, Web-Services, Maven, Git / GitHub
- Soft skills: highly motivated, proactive, well organized, good communication skills

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.
