Intern (f/m/d): Business Controlling Digital Core

COMPANY DESCRIPTION

SAP started in 1972 as a team of five colleagues with a desire to do something new. Together, they changed enterprise software and reinvented how business was done. Today, as a market leader in enterprise application software, we remain true to our roots. That's why we engineer solutions to fuel innovation, foster equality and spread opportunity for our employees and customers across borders and cultures.

SAP values the entrepreneurial spirit, fostering creativity and building lasting relationships with our employees. We know that a diverse and inclusive workforce keeps us competitive and provides opportunities for all. We believe that together we can transform industries, grow economics, lift up societies and sustain our environment. Because it's the best-run businesses that make the world run better and improve people's lives.

PURPOSE AND OBJECTIVES

As market leader in enterprise application software, SAP helps companies of all sizes and industries run better. From back office to boardroom, warehouse to storefront, desktop to mobile device – SAP empowers people and organizations to work together more efficiently and use business insight more effectively to stay ahead of the competition.

SAP's Business Controlling for the global Digital Core organization is the financial business partner for the Digital Core president and his management team. We support in all matters related to controlling, and we play an active role in the entire decision-making process by analyzing figures, interpreting results, and identifying opportunities and risks.

EXPECTATIONS AND TASKS

Provide support to business controllers in the monthly financial closing process and day-to-day business

Prepare and analyze data and reporting

Help create forecasts and budgets

Be actively involved in current controlling projects

EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES

Student (f/m/d) of a university or university of applied sciences (FH) ideally in Business

Administration / Controlling

In-depth knowledge of Microsoft Office (Excel, PowerPoint)

Ability to easily get acquainted with new IT landscape

Good written and verbal language and communication skills, both in English and German

Ability to work independently

Show accountability and think analytically

Ability to work in a team

Systematic and effective approach to work

WORK EXPERIENCE

Previous experience in controlling or accounting would be a plus.

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.
