Are you interested in joining us?

As our company is constantly growing, we are looking for new members of our Professional Services Consulting team. We are now hiring for a **6 month** payed internship. The German Synertrade office is located in Munich.

Are You the One?

Do you want to make a difference? Do you want to help shape things? Do you like working with people? So do we!
Synertrade is a leading international provider of cloud-based solutions for the digitalization of global players´ procurement processes. We bring value to our customers by simplifying their work, touching upon areas from strategic sourcing to supplier evaluations. Worldwide leading companies such as Lufthansa, Robert Bosch, METRO, OBI, OSRAM, Fresenius, Otto, ProSiebenSat.1 Media, optimize their processes with our best practice solutions.

Consultant intern (f/m/d)

Primary responsibilities include, but are not limited to:

- Project work for the customer in a cross-functional team
- Preparation of on-site workshops or internal meetings
- Optimization of purchasing processes
- Specifications for the development of new product features

What does it take to become a Synertrader?

- Communication skills, ambition and continuous drive to learn new things, great team spirit and resilience
- General understanding of business (procurement) processes
- Interest in IT & software solutions - no deep IT knowledge necessary
- Knowledge of MS Office and good English skills
- Ideally, student of economics, (business) informatics or an equivalent university course

What you get:

- Cool, holistic insights into a fast-growing, digital company
- Even the CEO knows your name
- An independent, responsible position and innovative task area
- First impressions into the life of consultants
- Awesome, diverse team with lean management structures
- Possibility of a consulting career after a successful internship
