

## Working Student - Project Management (f/m/x)

### Oberkochen

Step out of your comfort zone, excel and redefine the limits of what is possible. That's just what our employees are doing every single day – in order to set the pace through our innovations and enable outstanding achievements. After all, behind every successful company are many great fascinating people.

#### **Your role**

As a working student you will be part of a dynamic team working with best-practice Project Management methods and frameworks that help our Project Managers and their teams to drive high quality product development. With full responsibility for your own initiatives and projects and your strong communication and moderation skills, you will be working in multi-disciplinary teams. You contribute to the whole Innovation and Development Process by guiding us along the process as well as implementing and conducting necessary tools and methods to generate solutions that will shape the future of our customers.

#### **Your profile**

- You are a student in a scientific, engineering or business discipline
- You have experience in Project Management and you are familiar with tools and methods along a product development process
- You have good tool skills in MS Office, ideally including MS Project
- You ideally have experience in programming, specifically in VBA or Python
- You have a strong proficiency in digital technologies and data-driven problem-solving skills
- You have strong collaborative and teamworking skills as well as structured and results-oriented working methods
- Experience abroad is considered a plus
- You have strong communication skills in English and German
