A wide-angle photograph of a modern library interior. The space features a high ceiling with a grid of recessed circular lights. On the left, there are tall bookshelves filled with books. In the center, several study desks with computers and chairs are arranged. To the right, a large window with horizontal blinds provides natural light. A reception desk with the text "Willkommen Fragen?" is visible on the right side. A staircase is located in the background on the left.

Literature research - for Masters (Optometry)

What is literature searching?

“Comprehensive literature searching involves capturing the key literature about a topic so that you can synthesise it and learn about key trends and gaps in particular subject areas.”

Search term:

Search area:

Aalen University of Applied Sciences Catalogue

The **WebCatalogue of the University Library** includes both the material stock of the library and the licensed e-books, e-journals and videos whose full text is available on the campus network. [DIN standards](#) are not included.

See also the legal notes on the use of e-books and databases, to be read [here](#) .

Tips for searching:

- Enter several terms in a row, and they are automatically linked with AND.
- Search for sequences by using ": 'Marketing Management' will search for these terms consecutively
- Truncate using the wildcard '*': 'Electr*' will also find 'Electronics', 'Electrical Engineering', etc.

The **Library Catalog** contains the Library's physical media (printed books, journals, CDs etc.) plus E-Books and E-Journals licensed by the library, which full text is available in the campus net.

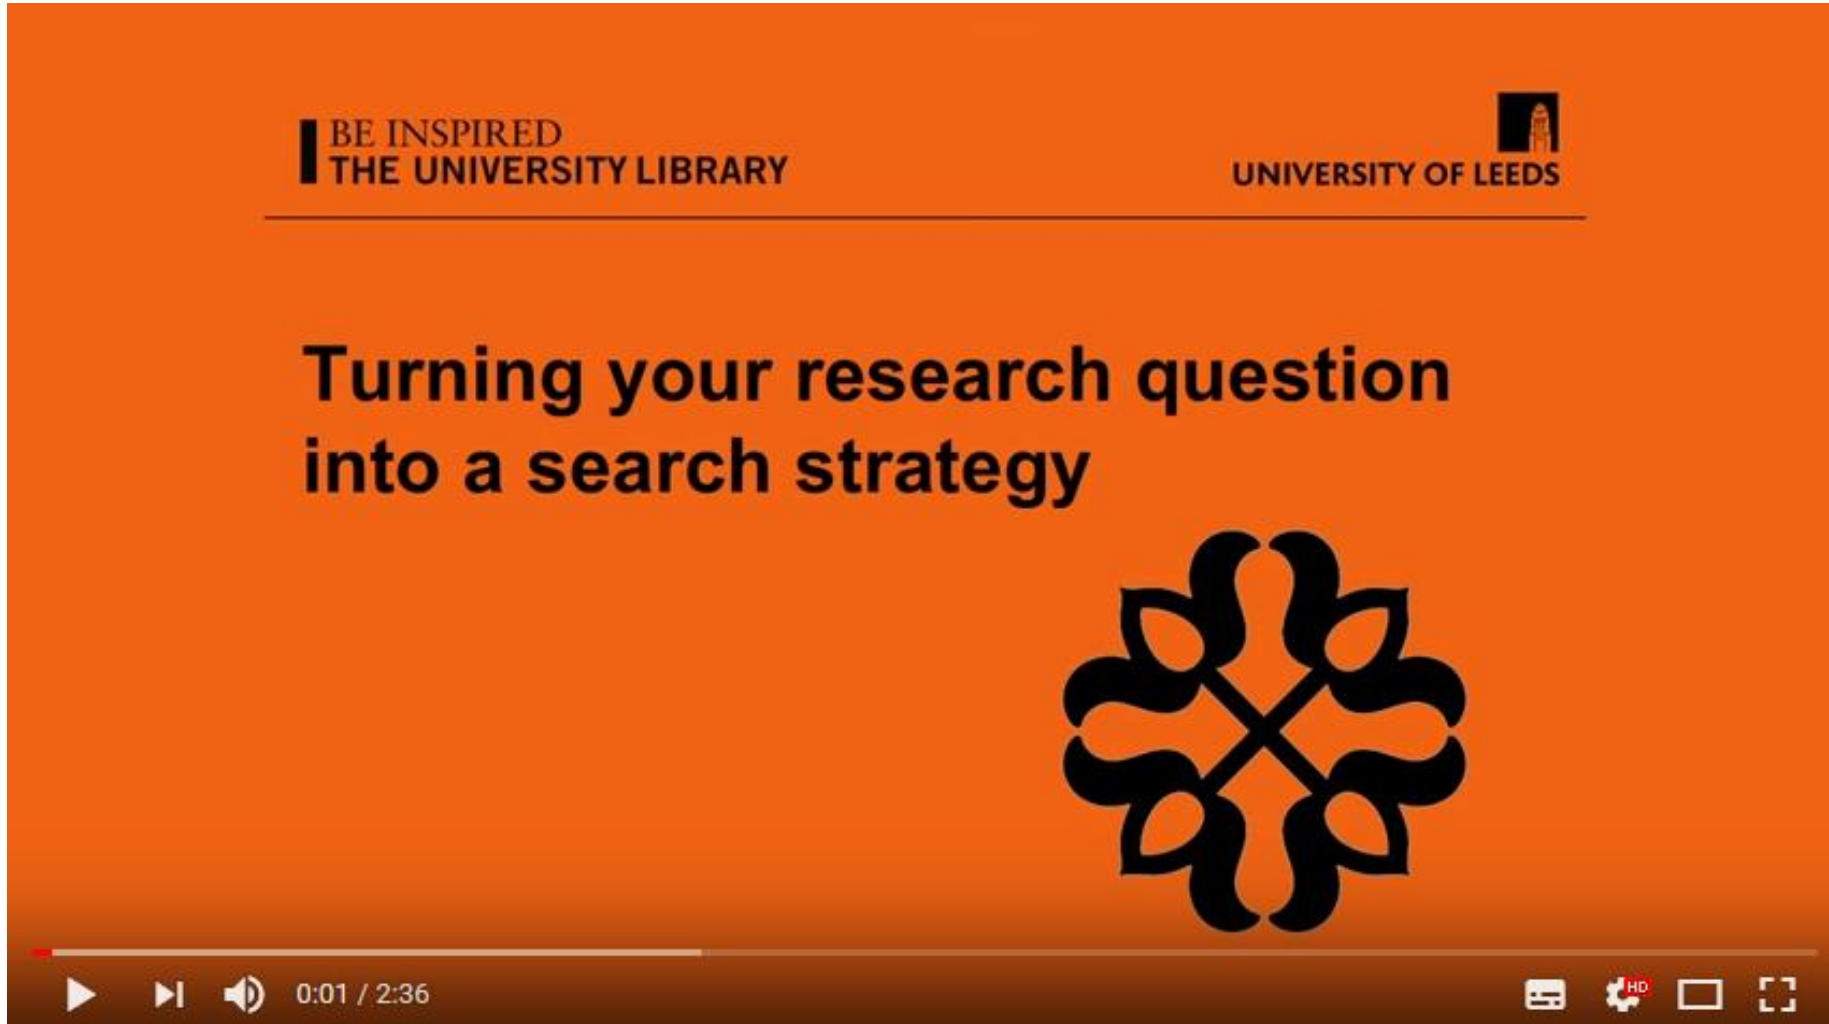

E-Books – Database Information System (DBIS)

E-Books from Publishers, that are not listed in the WebCatalogue

Karger E-Books Collection Archive
(1997-2013)
