

Destination - International Summer School at Xamk

Come and join the International Summer School at the South-Eastern Finland University of Applied Sciences (Xamk).

Xamk provides summer courses in English on Mikkeli campus between July 5 - August 27, 2021.

You can choose one course or the whole programme depending on your interest and schedule. Courses are taught by visiting lecturers from abroad and Aalto University which is our partner in arranging Summer School. During the summer studies Mikkeli will become home to many international students from around the world.

The courses are free of charge to students applying from Xamk's partner institutions. Otherwise there is a fee of 12 € / ECTS credit.

You will also be able to enjoy the wide variety of free-time activities like cooking afternoons, hiking, amusement park, cruise on the lake, trips to cities nearby and last but not least sauna and swimming. In addition, you have excellent possibilities to explore the region of South-East Finland on your own.

Mikkeli is situated in South-East Finland and is surrounded by lakes and forests. Towns' location makes it easy to visit cities nearby and also Finland's neighbouring countries such as Sweden, Estonia and Russia.

Detailed information about the courses and general information about Summer School is available at **www.xamk.fi/summer-term**

You can enroll for the courses at **https://www.lyyti.fi/reg/Xamk_Summer_Term_3958** between March 1 - 31, 2021.

For further information, please contact
Ms Ulla Vuorinen, ulla.vuorinen@xamk.fi

**Come and experience the beauty of nature
and bright summer nights in Finland!**
